NOT JUST ANY EDI, eMDs EDI

Finally, a clearinghouse solution purpose-built for your favorite practice management system.**eMDS EDI powered by eMEDIX** is an extension of your PM offering a powerful, intelligent platform that strengthens financial performance and simplifies workflow.

Hassle-Free Enrollment

Enrollment paperwork is a burden. It bogs your office down and clogs your revenue flow. It's one of the top concerns we hear from providers considering a clearinghouse switch. But that shouldn't be a barrier to better revenue management. Our enrollment experts do the heavy lifting to ensure a smooth transition for each provider while our unique back end EDI transition process ensures minimal disruption.

Easy Claims Management

Enjoy fast reimbursements, full transparency, and reduced denials with our industry leading solution. We process claims in real-time, giving you one of the fastest turn-around times in the industry. Handle claims, payment remits, and eligibility in one, convenient, tightly integrated PM and EDI system from a single vendor. We can manage all claim types including professional, institutional, dental, worker's compensation, and auto accident.

Efficient Payment Management

Seamless processing of Electronic Remittance Advice reduces staff payment posting effort. Easy Claim Status response review helps you see the adjudication status of your claims so you can quickly determine any follow ups that ensure you're paid faster.

Smart Reporting & Analytics

Powerful reporting and analytics allow you to drill down into your data making it easy to manage your billing. We offer enhanced reporting at every stage of your revenue cycle and include robust auditing of all activity within **eMDs EDI**.

POWERFUL SOLUTIONS FOR HARD WORKING PRACTICES

Patient Responsibility Estimation*

Ensure you get paid for your services. Set your patient's financial expectations up front with Patient Responsibility Estimation from **eMDs EDI**. Patient Responsibility Estimation is a web-based product that allows providers to calculate through the **eMDs EDI** site what each patient will owe the provider for services rendered.

Revenue Resolve*

Revenue Resolve by **eMDs EDI** is an intuitive denial management solution that offers a unique approach to identifying your denied claims. It takes away the complex task of determining which denials to prioritize by automatically reviewing the Claim Adjustment Reason Code (CARC) and Remittance Advice Remark Codes (RARC) combinations assigned to each claim and assigning them to worklists that make it easy for billers to quickly turn these around and speed up your payment cycle.
