

PREMIUM SOFTWARE

SIMPLE TRANSITION

Are you a Quantum/Care360 customer who just found out that Quest is sunsetting its practice solutions in 2023? Don't worry, CompuGroup Medical can help. In fact, you're already using our practice management system!

The practice management system you have now is actually **CGM webPRACTICE** marketed under the Quantum brand. After a bit of paperwork, you will instantly be running **CGM webPRACTICE** with no disruption to your billing operations.

As a preferred Quest partner, we have already helped hundreds of Quantum EHR customers with integrations to our practice management and RCM services. We know your system and are ready to help you move up quickly to a premium EHR.

EHR and Practice Management

Quest offered our **CGM webPRACTICE** solution to you under the Quanam/Care360 brand. That means you can keep your own practice management system, and you only need to fill out a new contract with CompuGroup Medical. It couldn't be easier!

What about your EHR? CompuGroup Medical offers a premium solution that delivers a fast, flexible experience backed by our renowned, in-house technical support team.

With strong interoperability, pre-built and highly customizable templates, and adaptive learning, **CGM APRIMA** is easy to use and adapts to your workflows and preferences. Click less. Care more.

Award-winning e-prescribing software

The winner of two Surescripts White Coat Awards™, our e-prescribing software is available as a standalone system or a fully integrated option for **CGM APRIMA**.

Better workflows. Better data. Optimal patient experience. The Surescripts White Coat Award is the premier recognition for leaders in e-prescription accuracy and patient safety. CompuGroup Medical earned the 2022 Surescripts White Coat Awards for Highest Accuracy and Structured & Codified Sig Champion.

RCM bundle

Although this transition with Quest and Quanam presents challenges, it also presents the opportunity to consolidate your efforts with a single, trusted source.

In addition to our leading software systems, CompuGroup Medical offers tailored billing services and credentialing and enrollment services that free your practice up to focus on patient care. You even get your own totally integrated clearinghouse.

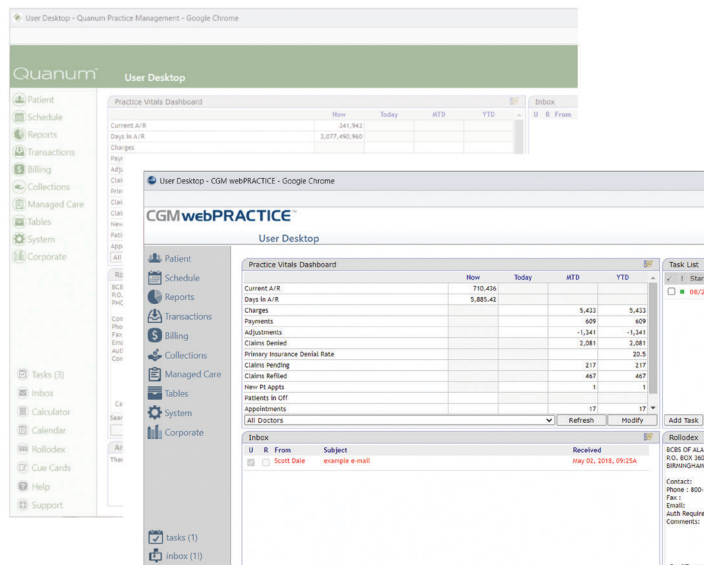

*Rescue offer for Quanam/Care360 customers

Even as Quest [sunsets Quanam Practice Solutions](#), CompuGroup Medical is working to deliver your best offer and the simplest transition. Start your migration today to minimize any disruption.

With our rescue plan, you'll enjoy:

- Specialized pricing for a premium EHR. Show us your existing pricing, and we'll match it so you don't have a change in technology costs
- No-cost data migration. We have experience working with Quanam data and will import the information into **CGM APRIMA**
- Opportunity to consolidate EHR, practice management, EDI, and even RCM services to a single vendor
