

INTEGRATED CLOUD PM/EHR

CGM CLINICAL

Practice Management and EHR

Optimize workflow with an integrated, cloud-based PM/EHR solution

CGM CLINICAL is an easy-to-use, integrated electronic health record and practice management solution built to increase productivity and revenue for a broad range of specialties.

Designed for versatility, this solution easily adapts to the way you work—your workflow, your specialty, your style. High yielding functionality such as comprehensive reporting tools and a superior routing system can help you enhance efficiency substantially.

Key Features

- Robust document management
- Customizable scheduling templates and user-friendly charts
- Tools for claims management and billing success
- High yielding add-ons such as real-time eligibility checks, clinical decision support, clinical quality measures (CQM) reporting, and patient portal
- Easy, clear and filterable access to patient and encounter details, including scanned charts, SOAP notes, and eLab results
- Enhanced reporting through audit portal for PQRS, medications, allergies, orders, and more
- Advanced ePrescribing with interaction alerts and formulary checks (priced on a per provider basis)

Fewer clicks, simplified workflow

Manage your patient flow effectively and efficiently with a complete overview of your practice from registration to checkout.

Streamlined billing and profitability

Instantly assess the progress and accuracy of your claims process and protect your bottomline with revenue-enhancing tools.

Comprehensive reporting and compliance

Get real-time reports on key financial and clinical measures to support Meaningful Use compliance.

“The Patient Flow screen in **CGM CLINICAL** allows all of our providers to visualize patient flow through the practice at all times. This ultimately helps us manage our time with patients to make sure that we’re always on track in meeting with patient expectations, providing timely service, and ensuring that patient experience for each visit is at the highest possible level. In fact, our high patient satisfaction level results in a lot of new patient referrals which, of course, is good for our business.”

DR. DAVID SIRE

SENIOR DERMATOLOGIST & SURGEON

BY KAY AESTHETIC DERMATOLOGY

“At Advanced Billing Consultants, we use five different billing software solutions and my employees prefer to work on the client accounts on **CGM CLINICAL** versus any other software solution. This pretty much sums it up!”

CINDI GRAHAM, C.P.C.

PRESIDENT
ADVANCED BILLING CONSULTANTS
