**Simplify your daily tasks.
Automate your claims and billing.
Make better business decisions based on real data.**

Stay on top of your finances with statistics, transactional reports and real-time medical aid claim submissions.

Trust our comprehensive suite of products to keep your practice on track. Your Customer Success Advisor will guide you through setup and ensure you get the best out of CGM MEDEDI.

Your success is our priority.

ALL IN ONE

CGM MEDEDI coordinates across medical schemes, accounts departments and more. A solution designed to suit your practice setup - from solo practice to bureau.

Loaded with practical tools and rich functionality.

Medical billing has a direct impact on a patient's ability to pay. Typically impractical and complex, billing and payment systems often leave both patients and practice managers in the dark in terms of what is due.

Streamlining administrative and billing processes for healthcare practitioners like you for over two decades, our efficient billing workflow results in a better patient experience.

Bridging the gap between industry best practice and real practice, CGM MEDEDI brings clarity to the complexity of medical billing.

20 YEARS IN THE MAKING

2021 is the year of transition.

We've seen a lot of changes in our 20 years - and giant leaps in digitalisation in recent months. CGM has continued to evolve, refining MEDEDI's core functionality and rolling out extra features to really make CGM MEDEDI sing in the next normal.
