Get the benefits of the all-in-one practice workflow: from attracting new patients digitally, onboarding patients, remote consults and e-scripts to billing, easy payments and electronic health records - saving you time so you can focus on your passion: treating your patients!

We've done the hard diagnosis of the patient journey and these gems of insight have helped shape each tool in our all-in-one toolkit, offering you real value for your practice and, ultimately, the patients in your care.

Ready to go paperless?

## The right tool for every patient touchpoint.

### ALL-IN-ONE

Simplify your daily tasks, automate claims and billing and make better business decisions based on real data. Everything you need to run and grow a successful healthcare practice.

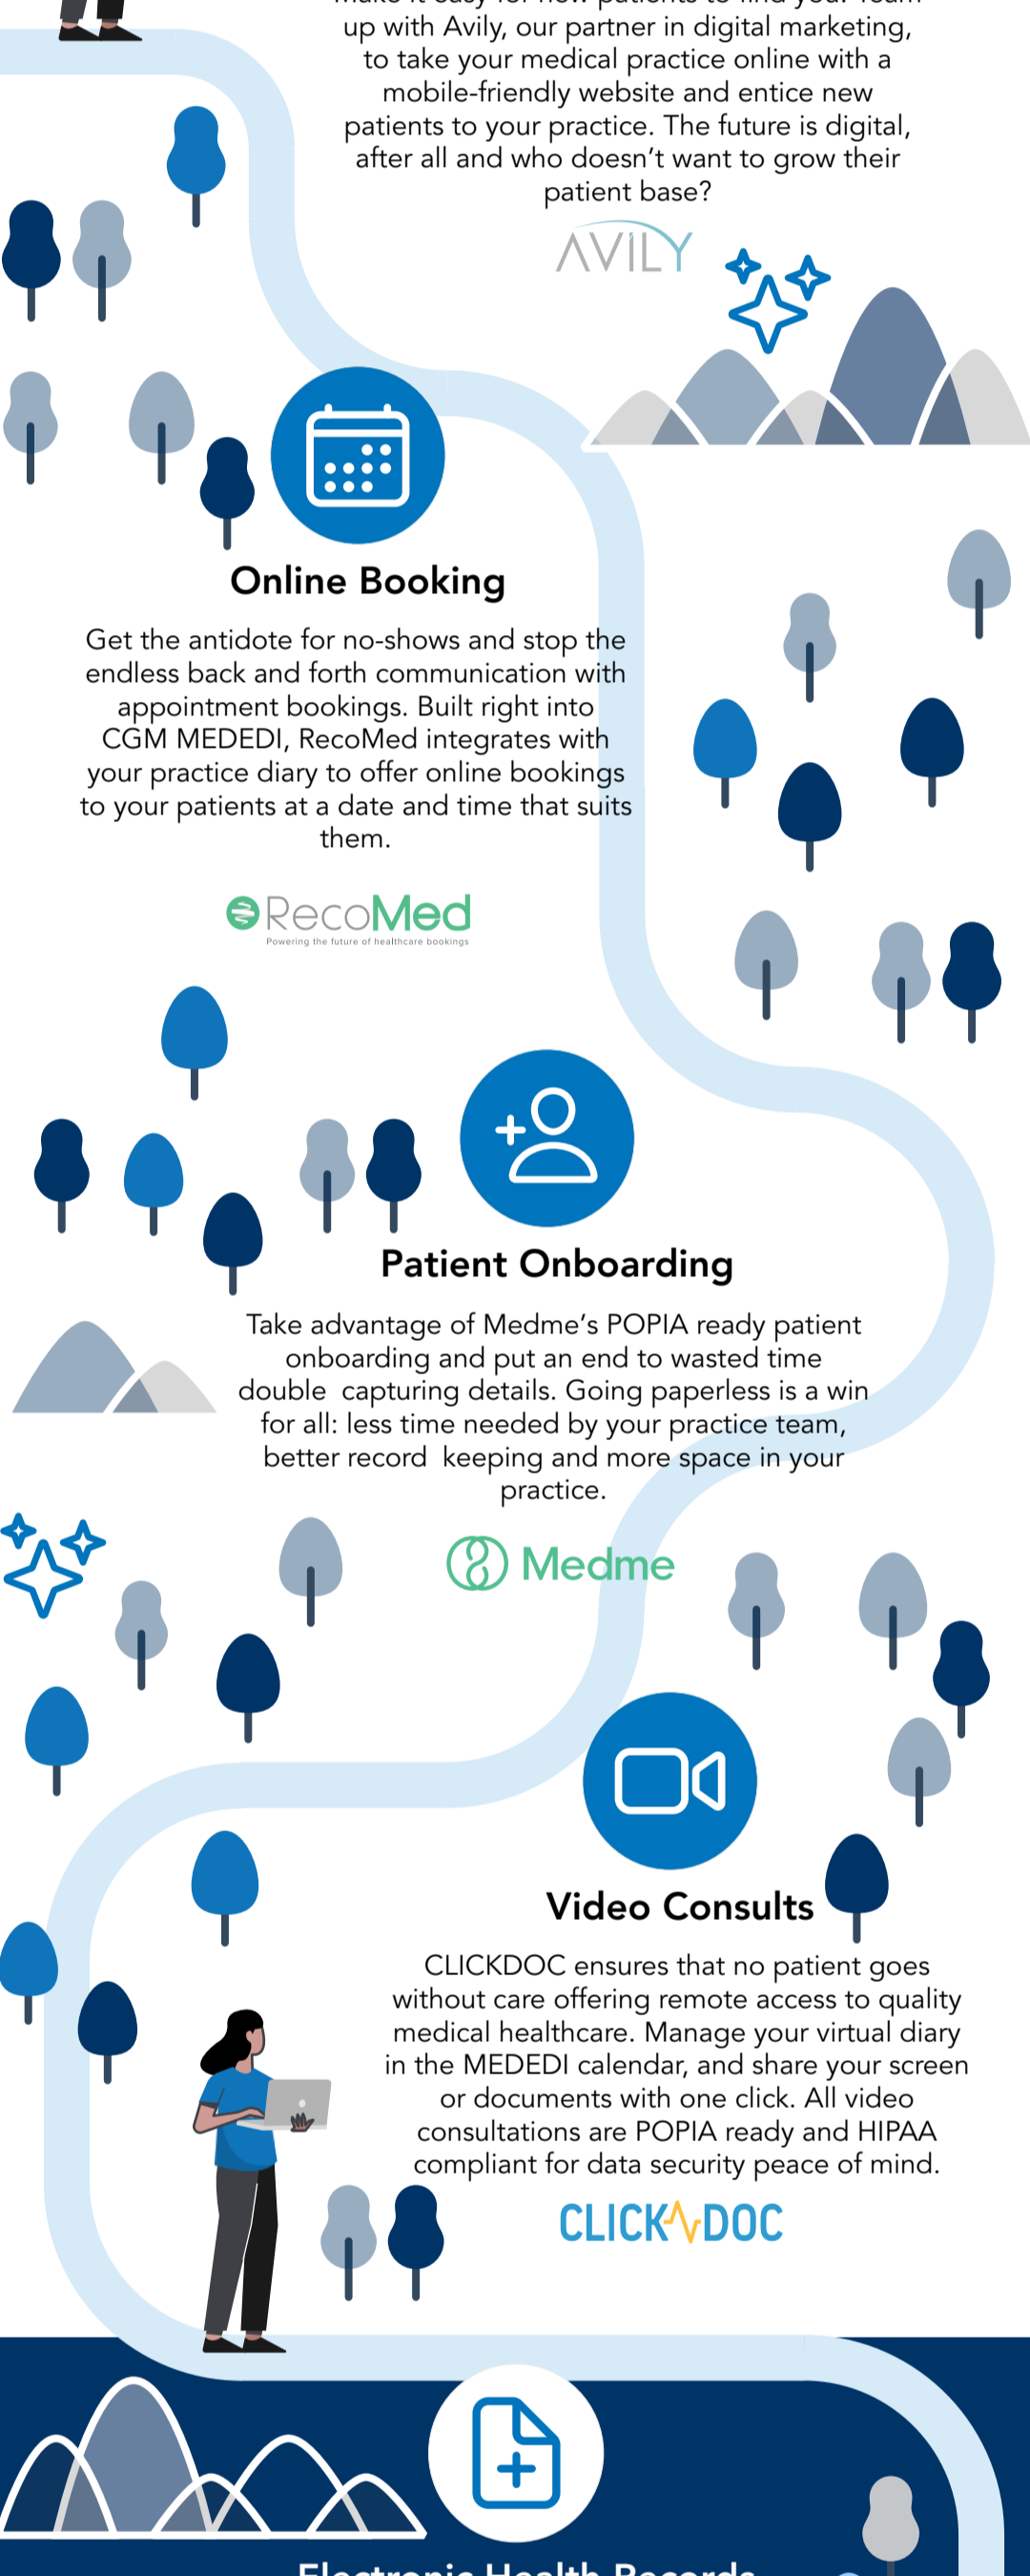

### A SINGLE SOURCE OF THE TRUTH

POPIA ready and always up-to-date, a complete record includes patient data and billing information for improved diagnostics, care coordination and patient outcomes.

### CENTRALISED PATIENT DATA

Get patient data in a click. A centralised and secure repository coordinates multiple practice functions and allows for a seamless flow of information within a digital healthcare environment.

### Practice Marketing

Make it easy for new patients to find you! Team up with Avily, our partner in digital marketing, to take your medical practice online with a mobile-friendly website and entice new patients to your practice. The future is digital, after all and who doesn't want to grow their patient base?

### Online Booking

Get the antidote for no-shows and stop the endless back and forth communication with appointment bookings. Built right into CGM MEDEDI, RecoMed integrates with your practice diary to offer online bookings to your patients at a date and time that suits them.

### Patient Onboarding

Take advantage of Medme's POPIA ready patient onboarding and put an end to wasted time double capturing details. Going paperless is a win for all: less time needed by your practice team, better record keeping and more space in your practice.

### Video Consults

CLICKDOC ensures that no patient goes without care offering remote access to quality medical healthcare. Manage your virtual diary in the MEDEDI calendar, and share your screen or documents with one click. All video consultations are POPIA ready and HIPAA compliant for data security peace of mind.

### Electronic Health Records

Designed by a doctor, Practice Perfect was conceived to support your day-to-day practice workflow. More than just a digital version of a patient's paper chart, EHR's digitally capture the why, what and how of clinical care. Works on iPad and Android devices.

### Advanced e-Scripts

Create and sign prescriptions on the fly with ICANSRIPT, the most advanced e-scripting platform in South Africa. Digitally sign and send prescriptions to our pharmacy network and have the prescribed medicine delivered straight to your patients' door.

### Medical Billing

Cut the time your practice spends on medical billing and claims! With our fully-integrated MEDEDI toolkit, ICD-10 codes can be processed and sent with medical aid claims in real-time. Let MEDEDI take the hassle out of medical aid claims, and free up time for your practice manager to focus on your patients and your business.

### Easy Payments

Simple payments and collections for your practice just make sense cents! Let us improve your cash flow by automating your billing and offering your patients many ways to pay - from SnapScan, QR code, Maestro to credit card and more. MEDEDI gives you the tools to take control of your business and continue to build a thriving medical practice.
